

聚楽第

Award winning Sasaki brewery was founded in 1893 and is the only brewer in central Kyoto. Their mission is to use traditional techniques grafted in famous water, to produce an authentic sake taste.

Under Kyoto is a huge rock 33km long, and the water Sasaki uses seeps down from the mountains into the Kyoto valley and crawls through this rock to produce exceptional "goodness of water".

ARTISAN SALES POINTS

Sasaki is a partner in the regional resource utilization project: To collaborate and use ingredients special to your region.

Made exclusively from highly polished rice grown in Kyoto, and lovingly brewed at low temperatures.
